

AIR 1 is an important source for me. It actually serves as something positive in this pessimistic and degrading world. I believe there would be very negative effects on the local community if AIR 1 were to be displaced by an LPFM broadcaster providing other programming. The service provided by AIR 1 is in the public interest because it is a source of positive morals for family enjoyment. This radio station stands for unity and spreads the message of peace through Jesus Christ. It's an alternative to the ridiculous monotony shoved down our throats from all of the secular stations. Please reconsider expanding the LPFM stations and keep the current FM translator service so I can keep connected to AIR 1 -Sheri Bull
